Key Knowledge:

- Greetings: Hola, buenos días ¿Qué tal? Muy bien, gracias. ¿Y tú?
- Asking for names and answering the question:
  ¿Cómo te llamas? – Me llamo … ¿Y tú?
- In Spanish we have opening question and exclamation marks.
  ¿-? / ¡-!
- "H" is silent.
- Sometimes we can find a line on top of vowels. They are accents that tell us where the stress of the word is. We don't need them always. They always go on top of a vowel. Never on top of a consonant or in between two words. In Spanish we don't have apostrophes, so don't get confused!

Intercultural Understanding

All Saints Day in Spain and Samaín in Galicia.

- Traditionally, in Spain, we don't celebrate Halloween.
- The first of November is **All Saint's Day** and this day is a National Holiday. Many people will go to the cemeteries to pay respect to their loved ones.
- Galicia is a region in the North-West of Spain. They have their own language (Gallego) and culture.
- They celebrate **Samaín**, which is an ancient Celtic tradition and the origin of Halloween.
