Tengo el pelo …, … y ….	I have the hair …, … and ….
¿Quién es quién? (juego) Gafas Pendientes Coleta Gorro	Guess who? (game) Glasses Earrings Pony/piggy tail Hat

Key Knowledge:

- Remember that adjectives in Spanish go after the nouns and they have to agree with them.
- Agreement means that they have to change their gender (masculine and feminine) and number (singular and plural) to match the gender and number of the noun. i.e. ojos negros / pelo negro.
- To add different adjectives to the same sentence we use commas and conjunctions as we do in English.
- To ask a closed question in Spanish, we don't use auxiliary verbs or need to change the order of the words. This could be the reason why we need an opening question mark.
  E.g. Tienes los ojos verdes – you have green eyes (statement)
  E.g. ¿Tienes los ojos verdes? – Do you have green eyes? (question)
- In Spain we call a black eye, a purple eye!

Intercultural Understanding

All Saint's Day in Cádiz (Tosantos).

- **Tosantos** is celebrated in Cádiz every year on the eve of October 31st and on November 1st.
- Around Cadiz's markets, the stallholders will take part in an unusual competition involving putting fancy dress on their products – imagine a Halloween costume on a watermelon, or a prawn dressed as Elvis!!
